

2021 – 2022 YG Site Council Election
Application Form - 1 year term

Name of applicant: Lisa Heyamoto

Current Grade of YG Child(ren): 1st and 4th grades

Involvement at YG has included:

I've been a regular volunteer in both my kids' classrooms since my oldest daughter was in kindergarten. I volunteered in the library every week starting in the fall of 2019 and have volunteered at the concession stand at football games at least once a year for the past five years. I've also volunteered at the YG booth at the Asian Celebration.

Characteristics and skills that make me a good candidate:

As a longtime educator at the UO, I understand how to meet people where they are and move forward together. As a nonprofit program manager, I help organizations be more operationally resilient. As a journalist, I know how to break down complicated ideas into manageable pieces and communicate in an accessible, engaging way. And as a community member and parent, I'm invested in the success of our staff, our students and our school.

I am interested in serving on the YG Site Council because:

I believe finding common ground and working together toward a shared goal can result in profound organizational and social change. I love YG and its community, and I want to serve our staff, students and families.

Some ideas I will bring to YG Site Council are:

- Enhanced communication strategies
- Operational best practices
- Online education training
- Programmatic innovations

This form must be returned turned to the site council box in the YG office by

_____.

* Your completed form will be published in an upcoming newsletter.

* All applicants will be included in a school-wide election.
